Nevada Co' Fair

Swing Shift

'No Dice' on Polio

Despite the threatening weather there was a great crowd at Prescott last night for the ceremony of selecting the Fair Queen, which marked opening day of the 12th annual session of Nevada County's Fair.

Never is there any lack of enthusiasm for a revue of youth and beauty, but yesterday's turnout for the Fair parade and other events of opening day showed that the name "Fair Week" hasn't lost any of its magic.

Autumn is the harvest season, and everywhere there is a natural inclination to rejoice and show off. Prescott has put on a good Fair, and we congratulate her.

One of the most striking exhibits was a great collection of bird-houses built by high school boys. It reminded me that years ago, before there was any manual training building out at Hope High school, The Star sponsored a bird-house contest — and some of those old bird-houses undoubtedly are still braving Autumn's rain around our town, just as Prescott's will be doing duty years from now.

Yesterday's political dispatches reported an upset in the 26th Pennsylvania Congressional District (Johnstown), where a Republican knocked out a Democrat who was campaigning with endorsement of organized labor and President Truman.

It isn't especially significant. Any creed, any formula, any doctrine or political platform, is no better than its actual performance. There is nothing particularly sacred about the political labor gospel — any more than the old-time belief that property rights were all-powerful.

The nation has been on a radical spurge for nearly two decades, and the weight of a second war debt, added to the cost of endless "reform" programs at home, has suddenly turned the people cautious and critical.

Jimmy La Grossa of Hope, chairman of the Hempstead County Chapter, National Foundation of Infantile Paralysis, has his telegram from Sam J. Watkins, Arkansas state fund-raising director.

"Donations received by mail from over the state are less than \$1,000. Special activities are what are bringing in funds in Pulaski county. Suggest you work all activities in your county where you can take up collections, and make all possible business and personal solicitations. American Legion, women's clubs, firemen, policemen and others assisting here."

And finally, if no one actually contacts you for this emergency polio donation campaign you may help yourself by sending your donation to the nearest postmaster, who will handle transmission of funds to meet the nation-wide polio crisis.

Power Firm to Spend \$75,000,000 in Three States

Little Rock, Sept. 15 — (AP) — The Middle South Utilities Inc. plans to spend about \$75,000,000 in Arkansas, Louisiana and Mississippi by 1951.

This was announced here last night by Edgar L. Dixon, Tenafly, N. J., head of the corporation which has power holdings in the three states.

Dixon said the expenditure is part of the organization's expansion program. He said the corporation has spent \$175,000,000 in the area during the last five years.

Dixon and other officials of the utility, which has invested stock in the Arkansas Power and Light, the Mississippi Power and Light and the Louisiana Power and Light companies and the New Orleans Public Service, Inc., are in Arkansas on an inspection tour.

Senate Split on Trade Bill, Vote Expected Today

By RAYMOND LAHR

Washington, Sept. 15 — (UP) — The senate was split along almost rigid party lines for the showdown votes today on the administration's reciprocal trade bill.

The voting was slated to start at 4 p. m. EDT, after more than a week's debate on the tariff measure.

Expecting to lose only about four Democratic votes on their critical test, administration leaders were confident they had the strength to defeat all restrictive amendments and send the house-approved bill to President Truman.

The real showdown was due on the first vote. It involved the Republican-sponsored "peril point" amendment to retain the procedure voted into the trade agreement law by the GOP-controlled congress last year.

This amendment would require the tariff commission to declare danger points below which tariff rates could not be cut without serious damage to American producers. The President could negotiate agreements going below those points only if he gave a public explanation to congress.

Both Republicans and Democrats have put their maximum strength into the fight over the peril point amendment.

Before the talks even got under way here, Lewis and some mine operators were deadlocked on the immediate issue over which he threatened to turn his slow-down into a walkout.

Parade to Be Best Held at Stock Show

Rae Luck, chairman of the Third District Livestock parade committee today said entries already have assured this year's parade will be the best ever held.

The main parade will be held Tuesday, September 20, at 2 p. m. The parade will be divided into 12 groups with the smallest from 3 to 10 blocks long. Four civil clubs have registered entries, 11 automobile dealers, 5 tractor firms, 8 gasoline distributors, 17 commercial and 11 industries.

First prize award is \$125; second \$75 and third \$50. Civic groups will receive trophies.

If you haven't registered your parade entry, do so at once with Chairman Rae Luck.

Arkansas Farm Income Shows Increase

Washington, Sept. 15 — (AP) — Arkansas was one of the few states on the nation to show increased farm income in the first seven months of 1949.

The agriculture department announced today that for the nation, farm income from January through July was \$14,023,611,000 as compared with \$15,434,569,000 in the corresponding months in 1948.

Iowa had the largest income of any state, \$1,189,072,000 this year, but that total was a drop of \$11,822,000 from last year.

States showing larger farm income this year included:

Arkansas \$221,163,000 as compared to \$173,581,000; Louisiana \$142,520,000 and \$140,797,000; Mississippi \$239,064,000 and \$164,786,000.

Union Studies Plan to End MP Strike; Long Weekend May Be Start of Coal Strike

By CHARLES H. HERROLD

White Sulphur Springs, W. Va., July 15 — (UP) — John L. Lewis closed most soft coal mines for a long weekend today and operators feared a general strike has begun.

As northern and western mine owners met here to resume contract talks with Lewis (at 4 p. m. EDT), the United Mine Workers chief clamped his 11th weekly four-day shutdown on mines east of the Mississippi river.

Most of the operators believed the union's "strike every Thursday" — a slowdown imposed on the industry after Lewis' old contract expired on June 30 — now has become a plain strike.

They feared Lewis would not let the miners return to the pits Monday, their next regular work day under the union's short week, unless agreement is reached before then on a new contract.

Lewis apparently intended to keep the operators guessing until Saturday or Sunday, in a move to back up his contract demands for higher pay, shorter hours, and bigger management payments to the miners' welfare fund.

The miners themselves reportedly were getting set for a walkout. Some operators said they had been swamped with coal orders from their own men — an indication they wanted to get in a supply while it was still available.

Prospects of reaching a settlement before Monday were not bright.

Before the talks even got under way here, Lewis and some mine operators were deadlocked on the immediate issue over which he threatened to turn his slow-down into a walkout.

Blunt-Talking Navy Flier Loses Post

By CHARLES W. CORDRY

Washington, Sept. 15 — (UP) — Capt. John G. Crommelin, the veteran navy flier who cut loose with an unauthorized blast at unification last week-end, has been removed from his post on the staff of the Pentagon high command, it was learned today.

An informed source said the 46-year-old flier has been ordered to report to the chief of naval operations for reassignment.

There was no immediate indication whether he had been transferred to sea duty or to another shore post.

Word of his abrupt transfer from the Pentagon, where he had been working as an aide to the joint army-navy-air force high command, broke on the heels of a statement by Navy Secretary Francis P. Matthews that no disciplinary action was planned against Crommelin at this time.

It came barely an hour after President Truman told the news conference he was taking no part in the Crommelin affair and that it was entirely up to the navy.

Crommelin's transfer orders, it was learned, were signed only this morning by Adm. Louis E. Denfeld, chief of naval operations.

Crommelin, former commander of the aircraft carrier Saipan, and a much-decorated combat veteran of the Pacific war, joined the staff of the joint chiefs of staff several months ago after attending the War college here.

The Pentagon staff is a select group of 105 army, navy and air force officers which does war planning and other top-secret jobs for the joint chiefs.

St. Louis, Sept. 15 — (AP) — Union officials studied a company proposal today for ending the Missouri Pacific railroad strike.

The proposal was submitted at a joint session of representatives of the railroad and striking brotherhoods yesterday. Both sides said they were optimistic after the meeting.

The strike began last Friday. Four operating brotherhoods called the walkout over 282 union claims against the railroad.

Under the proposal submitted yesterday, 59 of the claims would be paid outright or investigated more thoroughly and paid if found to be similar to those already conceded.

The unions previously had offered to withdraw about 80 claims to help reach a settlement.

Disputed claims governed by the railway labor act would be turned over to the national railroad adjustment board or a neutral referee or to the courts.

In previous talks, the unions turned down the national adjustment board and arbitration.

The company's proposal was similar to one which brought about settlement of a strike against the Wabash railroad last March.

The walkout has reduced the number of freight car exchanges here by about 3,000 daily. Normally about 10,000 cars are interchanged from one major railroad to another by the terminal railroad association. The terminal road also announced the layoff of 100 workers because of the strike.

Five thousand workers are on strike and 20,000 other Missouri Pacific employees have been laid off. The railroad operates in 10 states.

At Dallas, Tex., temporary layoffs, blamed on the strike, were announced by the Texas & Pacific railway company. Four hundred men were laid off.

Vishinsky to Press for New Big-Four Meet

Moscow, Sept. 15 — (AP) — Foreign Minister Andrei Y. Vishinsky, slated to head the Soviet delegation at the U. N. assembly in New York next week, is expected to press for a new meeting of the Big Four council of foreign ministers.

With U. S. Secretary of State Dean Acheson, British Foreign Secretary Ernest Bevin and French Foreign Minister Robert Schuman all due to be on hand, informed circles here said Vishinsky will urge an early formal meeting of the council.

When the foreign ministers ended their Paris meeting on Germany last June, they agreed to meet informally during the U. N. session to discuss their next meeting.

The Paris session reached an agreement to end Soviet traffic restrictions (the blockade) in Berlin, but several other questions were left hanging.

Among major problems still to be solved are possible future economic and political unity of Germany, an independence treaty for Austria and reconciliation of divergent allied views on who should write a peace treaty for Japan.

The Austrian treaty was turned over to the ministers' deputies, but they have failed to reach an agreement, thus turning the matter back to the foreign ministers council.

U. S. Won't Agree to Boost in Price of Gold

Washington, Sept. 15 — (AP) — Secretary of the Treasury Snyder has notified the International Monetary fund that the United States will not agree to a boost in the price of gold.

His declaration indicates that this country will, if necessary, use its veto power to kill any general increase which might be favored by the board of directors of the 48-nation fund.

Snyder made his statement, it was learned today, at a closed meeting of the fund's committee on gold. It helped to quash — for the moment — a South African proposal for a fund study of a new, higher price. It is now \$35 an ounce.

But the union of South Africa, world's biggest gold producer, plainly had plans to raise the issue again before the annual governors' meeting of the fund and the World Bank ends tomorrow night.

And it became clear that the lines were drawn for a major assault — prolonged if need be — against the gold-price policy of the United States, the world's major buyer.

Adenauer First Chancellor Since Hitler

By ROBERT HAEGER
Bonn, Germany, Sept. 15 — (UP) — Konrad Adenauer, 73-year-old leader of the powerful Christian Democrat party, today was elected the first chancellor of Germany since Hitler's time.

The bundstag (lower house) approved his nomination by a vote of 202 to 142, giving him the smallest possible majority — a single vote.

The new constitution for the fledgling west German state required that he get a majority of the 402 votes in the house.

Adenauer was elected to the post as a squabble raged between his party and the free Democrats of President Theodor Heuss over the makeup of the cabinet.

The chancellor and Heuss wrangled over the question of whether the new constitution gave the president or chancellor the right to select the cabinet.

Adenauer answered in the affirmative when bundestag President Erich Koehler asked if he would take the post.

The official count read: 202 for, 142 against, 44 abstentions, 13 absent and one invalid.

Young Democrats Reminded to Buy Poll Taxes

Little Rock, Sept. 15 — (AP) — Arkansas voters were reminded today that they must pay their poll tax fee before October 1 if they expect to vote in the state's 1950 Democratic primaries.

Wiley Thornton, 27-year-old chairman of the Young Democrats of Arkansas "pay your poll tax drive" said in Little Rock today, that his organization is "not interested in how people vote, we just want them to get to the polls."

Thornton, who graduated from Henderson college in June, was appointed to spearhead the poll tax drive last week by the Young Democrats.

"Would be voters," Thornton said, "have a tendency to forget about an election until the candidates began stumping the state."

"Our purpose is to make sure they qualify," he continued.

Thornton is a veteran of World War II and a native of Texarkana, Ark.

Ethel McRae Bemis Is Crowned Queen of the 13th Annual Nevada County Fair

Miss Ethel McRae Bemis is crowned queen of the Nevada County Fair at Prescott Wednesday night by Mayor Curtis D. Ward. The queen's contest brought together 10 of Prescott's most attractive girls, sponsored by the various civic groups and clubs. Miss Bemis after the coronation ceremony was presented with an Arkansas diamond on behalf of Mrs. Ethel Pearl Wilkerson of Logansport, Ind., owner of the famed Murfreesboro mine. General manager of the 1949 Nevada County Fair is Miss Jimmie Nicholas, with Mrs. Vernon Fore director of the Queen's contest.

One of the most striking exhibits at the Nevada County Fair, which opened at Prescott Wednesday, was this collection of bird-houses built by high school students.

McClendon Gets Temporary Permit to Sell Milk

Bill McClendon, distributor of Borden Milk Co. products, yesterday was issued a permit pending a court ruling on an ordinance governing sale of milk in Hope. The permit from the city milk inspector read:

"In accordance with an order of the Hempstead Chancery Court you are hereby granted a temporary permit to distribute grade A pasteurized milk in the city of Hope, pending final hearing of case number 7022 in Hempstead Chancery Court, Second Division."

Group Favors Bill Against Discrimination

Washington, Sept. 15 — (UP) — A senate labor subcommittee, by a 3-1 vote, today approved the administration bill to establish a fair employment practices commission and to outlaw discrimination in employment.

The bill will go before the full committee for action tomorrow. But if it ever reaches the senate floor it would run into a prolonged filibuster by southern Democrats.

Little Rock Milk Dispute Is Settled

Little Rock, Sept. 15 — (AP) — The price dispute between Little Rock milk distributors and central Arkansas producers has been settled.

Dr. T. M. Dick, manager of the Central Arkansas Milk Producers association, said the distributors will pay \$5 per hundred pounds for raw milk.

Fred Terry, representative of the Little Rock milk distributing companies, said "both sides compromised all the way down the line."

Hope Auto Co. Takes Part in Ford Contest

Tom McLarty, manager of the Hope Auto Company, Ford dealer at 212-222 West Second street, has entered his dealership in a \$100,000 car safety contest sponsored by the Ford Division, Ford Motor Company.

Mr. McLarty is one of 8,400 Ford dealers throughout the nation who has entered his dealership in the contest during September and October.

Seven hundred prizes totaling \$100,000 will be awarded winners of the safety contest. The prizes are 25 new Fords including five Ford trucks; 25 \$1,000 U. S. Savings Bonds; 100 \$100 Bonds; 200 \$50 Bonds and 350 \$25 Bonds.

The contest has the support of the National Safety Council, the Inter-Industry Highway Safety Committee and other safety organizations.

Ned H. Dearborn, president of the National Safety Council, in a letter to L. D. Cruise, vice-president and general manager of the Ford Division, said: "Certainly every motorist should check and double check the mechanical condition of his car for safety's sake, and you at Ford are making such a check easily available for all drivers throughout the country. And I am sure that this free

check-up and safety contest, with its attractive prizes, will make Americans more safety conscious—it will save lives."

In order to participate in the contest, Mr. McLarty, pointed out, motorists must bring their car or truck, of any make, to the dealership for a safety check at absolutely no cost or obligation to the motorist.

Free checks will be made on the brakes, steering, headlights, rear and stop lights, tires, windshield wipers, muffler, glass, horn, and rear view mirror. Then Hope Auto Company will give the motorist an entry blank to participate in the contest.

The motorist must then complete in no more than 50 additional words the following statement: "All cars and trucks should be safety-checked periodically because

A jury of prominent persons in national safety circles will judge the winners. Only one entry per car or truck may be entered. Other details of the contest are available at the Hope Auto Company.

Denies Making Play for Friend's Wife

By AL KUETTNER

Atlanta, Sept. 14 —(UP)—Orchids, romance and accusations of home-wrecking embelished the trial of Fulton county civil court Judge Robert Carpenter today.

Carpenter is being tried on two counts of assault with intent to kill Attorney John Lockwood, his one-time best friend because Carpenter believed Lockwood was trying to defraud him and steal his wife.

On this second day of the trial a hard-hitting defense lawyer pounded at Lockwood on cross-examination and tried to wring from him admissions that he:

1. Courted the judge's wife.

2. Plied her with orchids.

3. Attempted to break up Carpenter's home, divorce his own

wife, and the marry Mrs. Carpenter.

4. Rigger a booby trap at his Imperial hotel office in hopes of killing Carpenter should he cross the threshold.

Lockwood denied everything. But after 90 minutes on the witness stand he asked Superior Judge Virlyn B. Moore to call a recess. The lawyer, his face tense, held to the witness box rail and slowly got to his feet. He stood with bowed head for several moments before reaching for a decanter of water.

At one point in the cross-examination of Lockwood, Defense Lawyer Ellis Barrett, a barrel-chested man who stroled back and forth before the packed courtroom, turned to an assistant and told him:

"Bring me that orchid."

The assistant brought in a purple orchid pressed into an oval gold frame.

Barrett started toward Lockwood, asking if that was an orchid he had given Mrs. Carpenter.

Three prosecution attorneys jumped to their feet to object.

"This is the most reprehensible display I have ever seen in a court," Attorney General Paul Webb shouted.

The bench upheld his objection and ordered the flower removed from the court.

Truman Laughs Off Victory for GOP

Washington, Sept. 15 —(AP)—President Truman today laughed off the Republican congressional victory in Pennsylvania Tuesday with a suggestion that it couldn't be taken as a barometer of future elections.

The election of a Republican to succeed the late Democratic Rep. Coffey in the state's 26th congressional district was called by Mr. Truman's attention at a news conference.

The President said at first that he had no comment.

Then he added that he remembered in 1947 we had barometers like that and they didn't work.

Bell Workers Are Seeking 4th Round Pay Hike

St. Louis, Sept. 15 —(AP)—The Communications Workers of America (CWA) are seeking a fourth-round pay increase from the Southwestern Bell Telephone Co.

In a letter to the utility yesterday the union requested a meeting to discuss, among other things, an "upward adjustment in wages."

Other revisions also are sought in the contract that expires Dec. 1, 1949. The union suggested October 25 as a meeting date.

Fall Garden Helps Out Meal Problem

By planting a good fall garden, Hempstead county homemakers will make it much easier to prepare an appetizing and nutritious meal during the winter months ahead, Home Demonstration Agent Lorraine Blackwood said today.

Some of the vegetables that can still be planted, and which will provide fresh green produce through most of the winter, are:

Chinese cabbage, turnips, mustard, kale, spinach, endive, and collards. All of these are good sources of vitamin A and contain other valuable vitamins and minerals which are necessary for good health, the home agent pointed out.

Families not familiar with growing some of these vegetables will want to check extension circular No. 140, "Home Vegetable Garden in Arkansas," for recommended varieties, planting dates, and cultural practices. This publication is available at the local extension office.

Endive and Chinese cabbage are especially nice for green salads. Green curled is a good variety of endive, and can be planted as late as October 1. Chibole is a recommended variety of Chinese cabbage and these plants, if set out early in September, will develop nice heads for winter use. Turnip greens are one of the most valuable greens as far as food value is concerned and should be planted in every garden of Hempstead county, the agent urged.

KIDNEYS MUST REMOVE EXCESS ACIDS

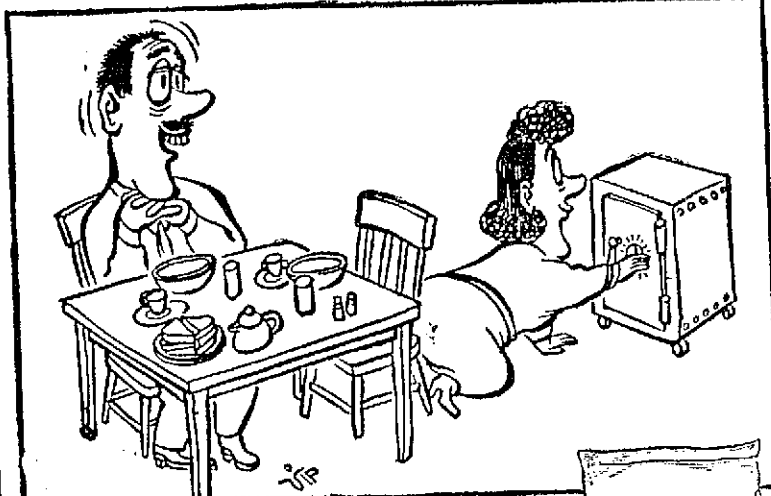

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, loss of sleep and energy, swelling up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent, scanty passages with stinging and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 60 years. Doan's give speedy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

GOP Asserts Victory Rebuke to Truman

Washington, Sept. 14 — (AP) — Republicans crowded today that a "GOP victory in a Pennsylvania congressional race was a stinging rebuke" to President Truman's domestic policies.

Hailing the triumph of Republican John P. Saylor over Mrs. Robert L. Coffey, Democrat, in special election in the 26th Pennsylvania district yesterday, GOP leaders showed clearly they think they have found a major issue for their 1950 efforts to regain control of congress.

Guy George Gabrielson, national Republican chairman, put it this way in a statement:

"The election of the Republican candidate x x constitutes a stinging rebuke to the Truman administration effort to lead this nation down the road to statism."

Said Rep. Leonard Hall of New York, chairman of the GOP congressional campaign committee: "If the President and his followers are wise, they will see in the outcome of Pennsylvania's 26th congressional district election an omen of what awaits them in 1950 and perhaps awaken to the fact that Americans do not want to be led down the back road to socialism."

Saylor defeated Mrs. Coffey handily in a race that was pitched primarily on Republican attacks on—and Democratic defense of—President Truman's domestic legislative proposals.

Like the President, Mrs. Coffey called for repeal of the Taft-Hartley act. Like Senator Taft (R-Ohio), Saylor said some changes in the act were necessary.

Although Democrats too had regarded the special election in advance as a test of Mr. Truman's policies, they generally discounted the long-range effect of the outcome. They said that vigorous campaigning by Saylor, which Mrs. Coffey couldn't match, had a lot to do with the results.

Widow Anxious to Keep Down Celebration

St. Louis, Sept. 14 — (AP) — Mrs. Carleton S. Hadley doesn't want to interfere with affairs of state but she does hope Vice President Barkley can come down to attend a birthday celebration here Sept. 23. She said so today—and then laughingly declined to say whether it will be the scene of an engagement announcement.

Barkley said in Washington he plans to be on hand if it's all possible. He has visited the attractive widow here several times.

The University of Arizona football team under new Wildcat head coach Bob Winslow this season is using a straight T offense for the first time.

Graziano Comes Back in Final Round to Win

New York, Sept. 15 —(AP)—The
Rock back on the victory road.
Not the Rocky Graziano of old but
still the most exciting fighter to
watch in the ring today.

For nine rounds against Charlie
Fusari in the Polo grounds last
night, it looked like the Rock was
through. He was trailing on every
scorecard and it seemed only a
tenth round knockout could save
him.

Then it happened — the explo-
sive burst that the crowd of 31,002
had been waiting for all night.
A left hook suddenly connected
and Fusari reeled from mid-ring
to the ropes. A right, then an-
other, and then a rain of blows
that draped Fusari over the ropes
and then to the floor for a count
of nine.

Like a tiger smelling blood,
Rocky, tore after Fusari. He
pinned him in a corner, held his
head in place with his left, and
sledgehammered him with his
right.

The crowd was on its feet, roar-
ing for the kill. But Rocky Ruby
Goldstein had seen enough. He
pulled the snarling Graziano from
his victim and declared the Rock
the victor at 2:04 of the last
round.

He shouldn't have stopped it,
waited Fusari. "I was waiting for
him to slow up and then I would
have come after him."

Few observers agreed with him.
B. Uthe 24-year-old Jerseyite,
stopped for the first time in his
career, lost nothing in defeat.

He was outweighted 12 pounds —
159 1-2 to 147 1-2 — by one of
the fiercest punchers in the game—
and except for the one mistake
was the better fighter.

Betty MacKinnon Quarterfinalist in Golf Meet

Ardmore, Pa., Sept. 15 —(AP)—
Memories may be revived in the
49th annual U. S. Women's ama-
teur golf championship being
rolled off over Merion club's
historic east course.

The last time the United States
golf association brought its great
tournament to Merion a local lady
was crowned champion. Back in 1926
it was Mrs. Helen Stetson of Ab-
ington, Pa., who won. This year
the crowd could well rest on the
curly black hair of Dorothy Gyn-
man Porter.

The comely Mrs. Porter — twice
a Western Amateur champion —
yesterday outlasted Mrs. Julius A.
Page of Greensboro, N. C., 1 up
in 21 holes.

Mrs. Porter today meets Janet
Brown, 19-year-old University of
Michigan student who makes her
home in Philadelphia. She fought
her way into the quarter final
round by ousting Mrs. Sophie Un-
termeyer, White Plains, N. Y., 1
up.

The leading obstacle in the path
of Mrs. Porter is Porterville, N. C.
Mrs. Marlene Bauer, 15-year-old
Los Angeles girl. Marlene shot
the four day old tournament's best
round and still just edged Mar-
garet Gunther, Memphis, Tenn., 1
up.

Miss Marlene, U. S. Junior girls'
queen, fired a three over par 74
over the 6,135 yard layout. She
went out in 40 and came home
with a magnificent two under par
34.

Then there are the to Dots,
Kirby of Atlanta, Ga., and Kietly
of Long Beach, Calif.

Miss Kirby topped Margaret Pa.

3 and 1.

Betty MacKinnon, Texarkana,
Ark., is the eighth quarter finalist
and she meets the long driving
Miss Bauer in a bid to make the
semi-final round. Miss MacKinnon
advanced with a 4 and 3 win over
Mrs. Harrison Filippin, Ardmore,

By CARL BELL

Little Rock, Sept. 15 —(AP)—We
take our first stab at calling the
1949 football shots with only one
cliché.

That is that the Arkansas Razor-
backs won't lose. They don't open
the season until next week.

With most of the teams playing
their first games, we'll have to
guess on many of them. They are:

Arkansas Tech over Central Okla-
homa, the Ochs always away,
South and have handled some of
Tech's better teams rather rough-
ly. But this year's Wonder boys
may be "TIE" best.

Southwest Missouri over State
Teachers—Fred C. (Terrible
Tommy) Thomsen, the former U.
of A. grid boss, is coaching the
Missourians so the Bears may
look for plenty of passes.

Oklahoma City U. over Ouachita
—another jolt to prepare the Ti-
bers for the AIC campaign, in
which they're supposed to cut
quite a figure.

TCU over Kansas — It shouldn't
be easy but bound to happen if
it's true what we hear about Lindy
Berry and his buddy frogs.

Other college choices: Arkansas
A. and M. over Delta State; Ar-
kansas College over Potomac;
Okla.; East Central Okla. A. and
M. over Magnolia A. and M.; Vil-
lanova over Texas Aggies; Texas
over Texas Tech.

In the high school circle, it looks
like:

El Dorado over Fort Smith
(Ouch); Hot Springs over Ben-
ton; Little Rock over Fordyce;
North Little Rock over Catho-
lic; Bluff over Jonesboro. Pay-
etteville over Siloam Springs.

Springdale over Subiaco. Van
Buren over Russellville. Blythe-
ville over Paragould. Camden over
Warren. Over Prescott, Mag-
nolia over Gordon, Texarkana over
Nashville, Stuttgart over Searcy,
Forest City over DeWitt, De-
Queen over Heavener, Okla.

The University of Texas has had
seven undefeated football seasons:
1893, 1895, 1900, 1914, 1918, 1920 and
1923.

Lindsay, Decatur, Ill., 3 and 2, to
reach the quarter final. Earlier,
Miss Kirby put the finish to the
title hopes of Mrs. Joanne Barr
Tracy, Dallas, one up.

Miss Kietly ran through Helen
Sigel, Philadelphia, 6 and 5, and
then ousted Mrs. John M. Gessler,
Philadelphia, 5 and 4.

Polly Riley, Fort Worth, Tex.,
will be Miss Kietly's opponent to-
day. Polly eliminated Pat Devery,
Grosse Ile, Mich., 5 and 3.

Mrs. John L. Hulteng, Rumford,
R. I., provides the opposition for
Miss Kirby. Mrs. Hulteng elimi-
nated Mrs. Reinert M. Torgerson,
Garden City, N. Y., 2 up after
ousting highly regarded Mrs.
James Ferrie, Long Beach, Calif.,
3 and 1.

Betty MacKinnon, Texarkana,
Ark., is the eighth quarter finalist
and she meets the long driving
Miss Bauer in a bid to make the
semi-final round. Miss MacKinnon
advanced with a 4 and 3 win over
Mrs. Harrison Filippin, Ardmore,

Tiny Bonham. Pirate Hurler, Succumbs

Pittsburgh, Sept. 15 —(AP)—Erny
(Tiny) Bonham, 36, veteran Pitts-
burgh Pirate hurler, died today
in Presbyterian hospital where he
had been operated on for appendi-
citis.

Doctors said his death was
caused by complications following

Reynolds Rejects Another Offer to Settle Strike

Little Rock, Sept. 15 —(AP)—The Reynolds Metals company apparently has turned down another offer by the CIO United Steel workers of America to settle a six-

week-old strike. Charles E. Smith, sub-director for the union, said his proposal for a new work contract had been vetoed by company officials. The proposal, Smith said, was made yesterday as company and union officials made another attempt to end the strike of Arkansas 1,600 aluminum workers underway since Aug. 1.

Smith said the offer did not contain demands for wage increases but contained provisions "written in language which had been previously agreed to at one time or another" during earlier negotiations between Reynolds and the union. He did not elaborate. Company officials could not be reached immediately for comment.

Judge Minton Named to High Court Bench

Washington, Sept. 15 —(AP)—President Truman is naming Judge Sherman Minton of the U. S. Circuit court at Chicago to the Supreme court.

Mr. Truman announced his decision at a news conference today. He said Judge Walter C. Lindley of the U. S. court for the eastern district of Illinois will succeed Minton on the Appellate court.

Casper Platte, now a circuit judge of Illinois, will succeed Lindley.

Minton, 58, will fill the Supreme court vacancy created by the death of Justice Wiley Rutledge.

A Democrat, Minton served in the senate from 1935 to 1941. He had the desk next to Mr. Truman's when both were in the senate.

Minton is a Protestant but his wife is a Catholic.

There has been no Catholic on the Supreme court since Justice Frank Murphy died in July. There had been speculation that the President might choose another Catholic until he named former Attorney General Tom Clark, a Protestant, to succeed Justice Murphy.

Minton's rise in Indiana politics was coincident with the governorship of Paul V. McNutt, who later became federal security commissioner, war manpower commissioner, high commissioner and then ambassador to the Philippines.

Minton was public counselor of the Indiana public service commission when he was elected to the senate. He was defeated for re-election by Republican Raymond E. Willis.

He attended Indiana university, where he played football, and Yale university law school. In the First World War he served as a staff officer under Gen. John J. Pershing.

He was born in Georgetown near New Albany. He has three children.

To Formally Dedicate Power Plant

Forrest City, Sept. 15 —(AP)—Formal dedication ceremonies for the big power plant being built here by Arkansas Power and Light company will be held tomorrow.

The plant — to be Arkansas' largest — will have a capacity of 132,000 kilowatt-hours per hour and is designed so that this capacity may be doubled by the installation of new generating machinery. The structure is expected to be completed next year.

Plant officials say the plant's pipeline will be large enough to supply gas to many east Arkansas towns.

Special guests at the dedication will be officers and directors of the Middle South Utility company, which has about \$30,000,000 invested in A. P. & L. stock.
